

WHO ARE WE?

Grupel was born with a mission: to take Energy wherever it is needed.

That is why, since 1976, we have been producing and selling high-quality power generators, from 2 to 3500kVA, for applications as diverse as construction, industry, power plants, mining, healthcare or water facilities, around the world.

- ✔ **11.200 m2 of production and warehouse area;**
- ✔ **200 employees;**
- ✔ **State-of-the-art technology & machinery;**
- ✔ **Production capacity of more than 100 gensets per week;**
- ✔ **Agility with more than 2000 engines & alternators in stock;**
- ✔ **Full production flow, from metal cutting and painting to assembly and electrification;**
- ✔ **Worldwide presence.**

A BRIEF HISTORY

1976

Grupel constitutes a company.

1990

The production unit gets modernized and adds a testing laboratory.

2008

Omnisantos acquires Grupel.

2013

Grupel moves to new facilities and starts a globalization process.

2018

Grupel gets recognized among consumers, by receiving important distinctions.

2021

Grupel launches an advanced tool for 3D genseet configuration.

“This agreement represents yet another milestone in our company’s history of growth and excellence and constitutes another testament to our commitment to quality, reliability and high-performance.”

Marco Santos, Grupel CEO

2022

Grupel signs agreement with multinational **Cummins Inc.**

With this deal, since 2022, Grupel is responsible for manufacturing Cummins’ power generators up to 700kVA for the European Market.

OUR MOTTOS

FOCUS ON THE CUSTOMER

ALWAYS ONE STEP AHEAD

LOYALTY, INTEGRITY & ETHICS

RISK, PERSEVERANCE & AUTONOMY

TAKING CARE OF THE GRUPEL FAMILY

WHY CHOOSE GRUPEL?

Own Brand

Engines, alternators, and all components developed by our team, ensuring easy access to spares.

Tailor-Made Solutions

Customized energy projects for construction, industry, infrastructures and many others.

Warranty & Quality

2 year/ 2000 hours warranty policy and CE marking, ISO 9001 and 14001 compliance.

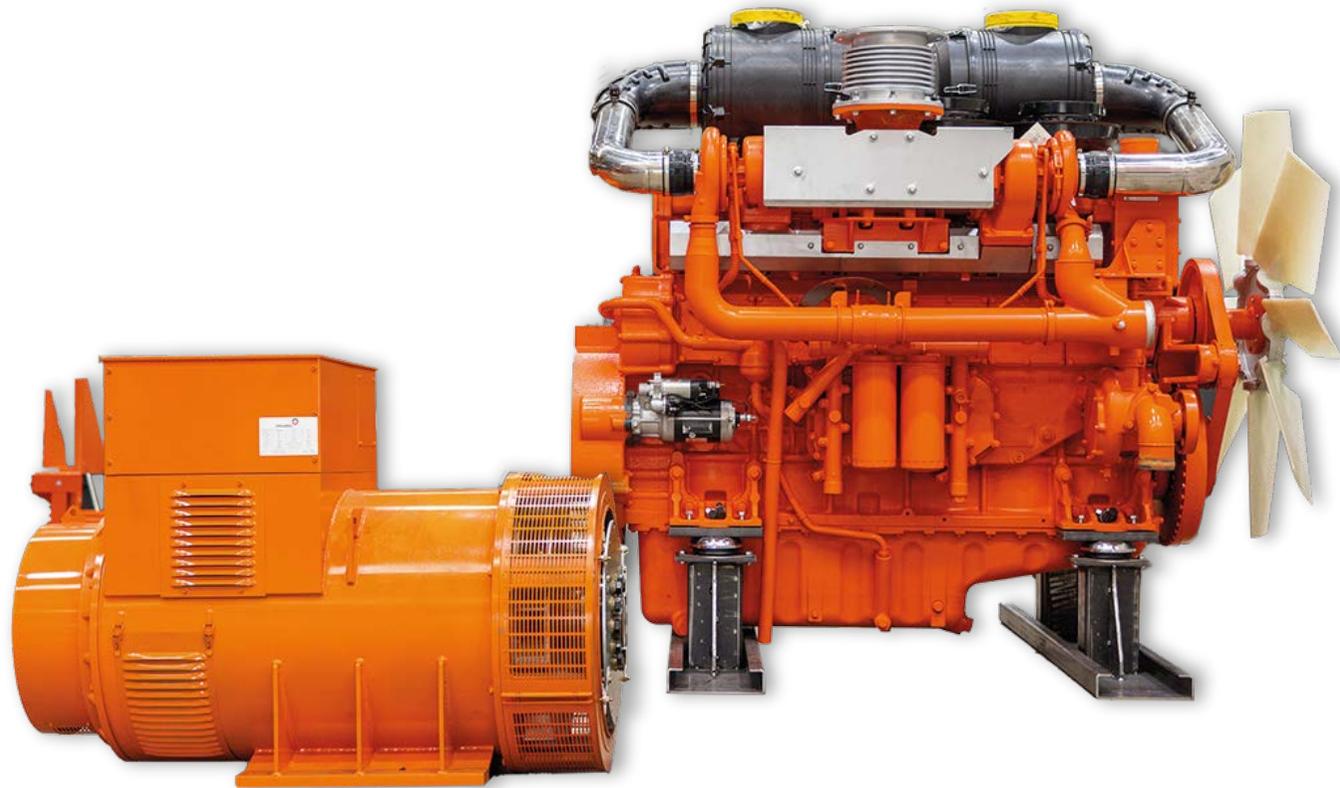

Focus on the Customer

Specialized 360° team from conception to after-sales support services, such as maintenance.

Global Scale & Partnerships

Taking Energy to over 70 countries and partnering with a wide range of distributors and institutions like Cummins Inc.

GRUPEL

GRUPEL + GRUPEL power generators are made up of our own brand components, designed by our Product Development and Innovation Team. With engines up to 1400kVA, highly efficient alternators and multiversed controllers, these products offer quality, reliability and flexibility at very competitive prices.

GRUPEL

QUALITY & RELIABILITY GO HAND IN HAND

01. CONTROLLER

Easy to install plug-in modules
Synchronism module
Wi-fi, GSM, Ethernet connection
Free software

02. ENGINE

Up to 1400kVA
Electronic regulation
Available in 50 and 60Hz
ISO 8528 abiding

03. ATS

Easy to maintain
Removable parts
Multi-voltage and multi-frequency

04. ALTERNATOR

Stable operation
Robust housing
Adapted to voltage changes

05. CANOPY

Robust, bolted, non-welded
Low risk of oxidation
Sound and fireproof

06. CHASSIS

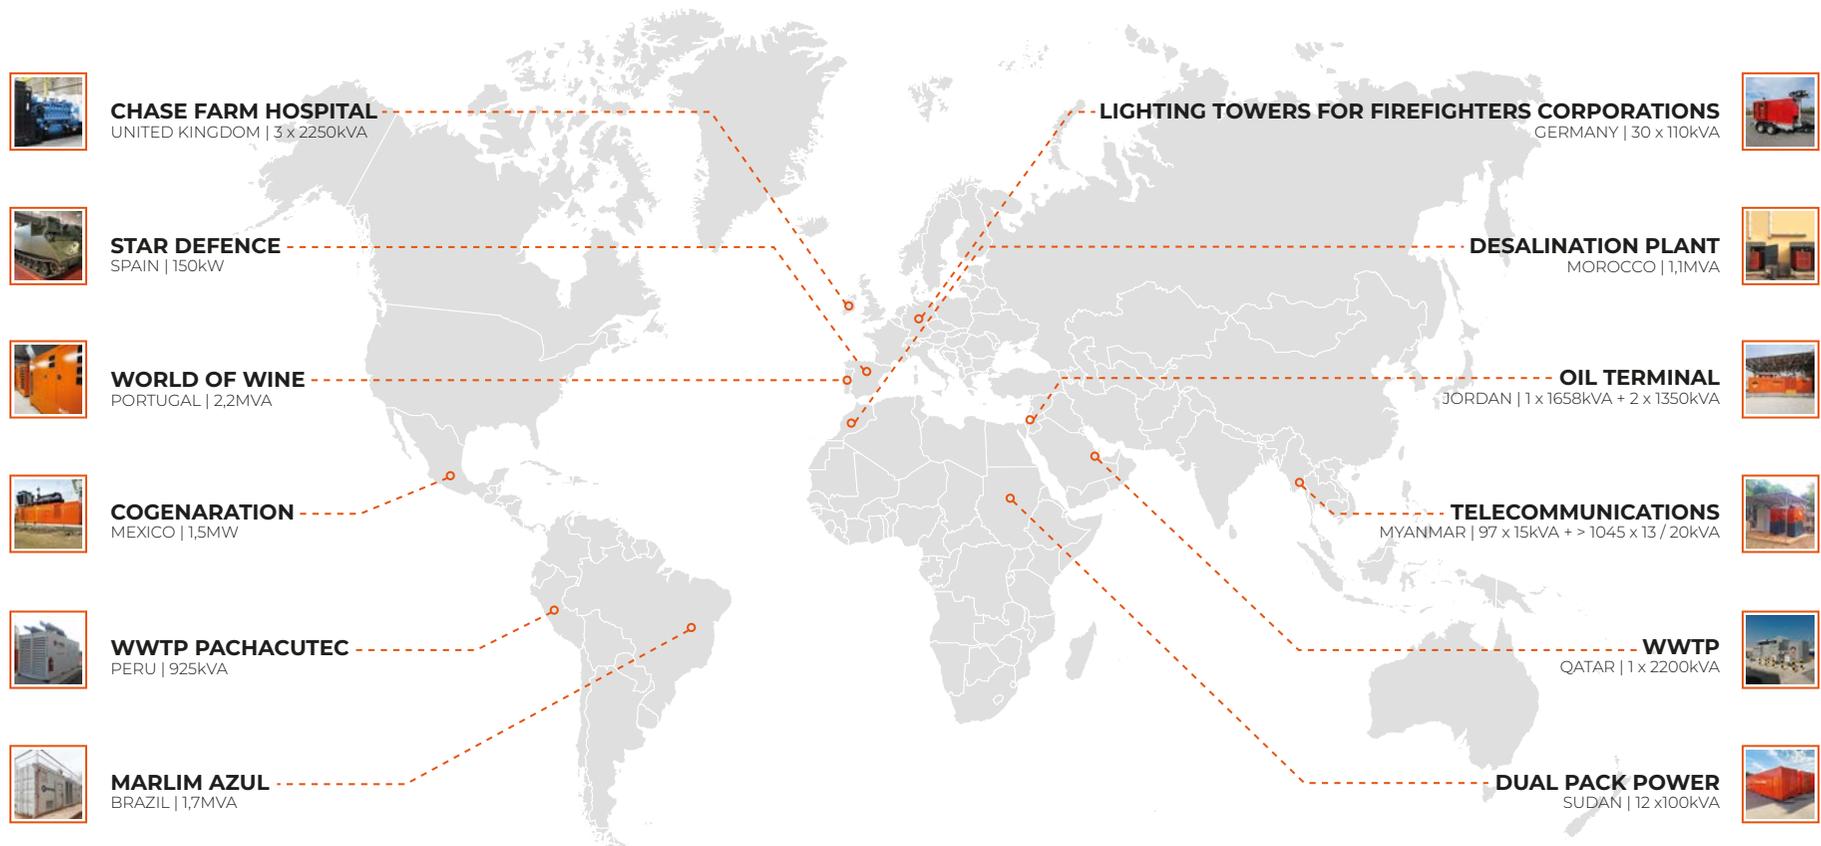

Resistant steel frame
Anti-vibration system
Anti-corrosion painting

TAILOR-MADE POWER

At Grupel, we work tirelessly to create solutions that meet the exact needs and expectations of our customers, in order to serve them best.

Here are some of Grupel's Projects around the World:

UP FOR EVERY CHALLENGE

With a wide range of powers, Grupel generators cater for numerous applications.

Depending on the project, business or infrastructure and your energy requirements and needs, you can find **GRUPEL + GRUPEL** products in different ranges:

PR
PORTABLE RANGE
2 - 15 kVA

SR
SMART RANGE
8 - 65 kVA

IR
INDUSTRIAL RANGE
40 - 1250 kVA

HR
HEAVY RANGE
800 - 3150 kVA

SP
SPECIAL PROJECTS

GR
GAS RANGE

RR
RENTAL RANGE

LT
LIGHTING TOWERS

Our team works really hard to offer you the best care with a wide range of support services that you can request anytime during your generator's entire life span, from design and installation to after-sales assistance and technical aid.

ENERGY ALWAYS AT YOUR SIDE

Comissioning

When purchasing a Grupel equipment, you may request a start-up and training service, which consists of functional tests and installation check-up.

After-sales and Technical assistance

Through authorized distributors and a network of technical services, Grupel ensures an answer to any request you may have after the delivery of your equipment.

Maintenance

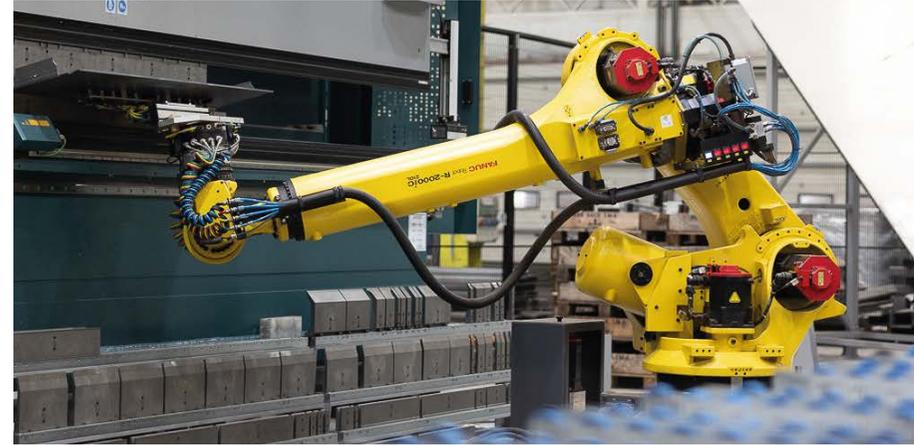

By establishing a contract with Grupel, we guarantee a full and personalized monitoring of your equipment and corresponding record of interventions.

Spare parts

With a wide variety of components, we can offer you a diverse spare parts service for all kinds of industrial engines, alternators and generators.

Grupel Academy

A technical and professional training program developed by Grupel, including 5 packs and 3 levels, aiming at sharing knowledge and solving problems.

GRUPEL
ENERGIA
VENCEDORA

THE BEST ENERGY.
FROM PORTUGAL TO THE WORLD.
